## **Featured product:**

# **ALVEO**

## **Inspired by nature and the product that started it all**

"Alveo is unique and unlike other products on the market today because of the specific combination of herbs used. Special herbs with cleansing and tonic properties were selected to alleviate the toxic load off of our organs in order to improve their function and give our bodies energy. The fact that it comes in a liquid is another unique feature. Unlike pills and capsules, Alveo liquid is quickly absorbable and makes the ingredients readily available without straining your liver."

- Dr. S. Khoshbin, Creator of the Alveo formula

## QUOTE OF THE MONTH

"It's a sign of continuity, trust and perseverance when a company celebrates a 20-year anniversary. As it has been said before: if you want to go fast, go alone. If you want to go far, go together."
